

Faubus Refuses To Yield

Local Issues MIG Attack Raises Danger Of Deadlier Phase In Island War

Corporation Hopes Limited Production Can Resume Monday

DETROIT (AP)—Hoping for a change by Monday, General Motors Friday approached the weekend with its massive array of car-making plants paralyzed by the backwash of a 12-hour national strike.

Local disputes kept 126 plants in 71 U.S. cities shut down despite a new three-year master contract agreed upon Thursday night by GM and the United Auto Workers.

The UAW's 250,000 GM employees walked off their jobs when a strike deadline passed without an agreement.

Then, when a settlement was reached, they stayed out with the blessing of UAW President Walter P. Reuther to back up their local demands.

Local Meetings Continue

GM said it hoped the trickle of workers going back to their jobs would start Monday, putting the world's largest manufacturing concern back in the race for production and sale of 1959 model cars.

Local meetings of UAW and GM officials were to continue coast to coast over the weekend in efforts to iron out differences that have piled up since old contracts expired four months ago.

To become effective, the national contract must be ratified by UAW locals by Oct. 20.

Only one GM manufacturing plant remained in operation—a Delco-Remy battery plant in Anaheim, Calif., where the 233 employees are nonunion.

In past national strikes in the auto industry, one to two weeks have been needed to clear away local disputes and put all plants back in operation.

One Ford Strike Unsettled

Ford Motor Co., which came to terms with the UAW two weeks ago after a seven-hour company-wide strike, only now is nearing full resumption of production. One strike, a walkout at a Chicago assembly plant, remained unsettled.

Chrysler Corp. reported 10 plants closed and 12,400 workers idled by strikes. Many of the strikers objected to their problems being left unsolved in Reuther's haste last Wednesday to get a partial settlement with Chrysler before heading for the GM showdown.

Jordan Claims Soviets Trying To Block Peace

UNITED NATIONS, N.Y. (AP)—Jordan accused the Soviet Union Friday of trying to prevent Arab nations from working out their own Mideast settlement.

Jordan's Abdul Monem Rifai leveled the charge in the 81-nation General Assembly as the Soviet Union made clear it will press a full-blown attack here on U.S.-British Mideast policy. Secretary General Dag Hammarskjold also is due for Moscow-style criticism.

Rifai accused Soviet Minister Andrei Gromyko of fishing in troubled waters and raising obstacles to peace.

He was replying to a speech by Gromyko Thursday accusing the United States and Britain of stalling on removal of troops from Jordan and Lebanon and assailing Jordan's King Hussein. American troops are being withdrawn from Lebanon and Britain is set to begin pulling out of Jordan Oct. 20.

Rifai ruled out Soviet incursions, saying: "The gates of Jordan and the Arab homeland shall remain closed in the face of subversive ideologies."

He added that Gromyko's criticism of Hammarskjold's Mideast report was merely Soviet obstructionism.

Red Jets Heavily Damage Nationalist C46 Supply Plane

Ike Enters Walter Reed For Checkup

Chief Executive, Looking Fit, Plans Golf Game Today

TAIPEI (AP)—A sudden attack by four Communist MIGs on Chinese Nationalist supply planes off Quemoy heightened the danger Saturday of the offshore island war entering a new deadlier phase.

One Nationalist C46 cargo plane was heavily damaged by the swooping Red jets Friday afternoon but managed to land on Quemoy, the Defense Ministry said. Two crewmen were wounded.

The MIG attack damped optimism about the growing air and sea supply line to Quemoy. Success in resupplying the artillery-blockaded island and the promise of bigger supply efforts had prompted American officials to predict publicly and privately Friday that Quemoy could hold out at the present level of supply runs, sea and air.

Plans Round Of Golf

Eisenhower and Heaton posed for pictures at the top of a flight of steps at Walter Reed. The President looked out over the gathering of photographers, reporters and spectators and asked generally: "Who told them we were coming this way?"

Eisenhower was decked out in a sporty houndstooth checked jacket and brown slacks.

The plan was for him to undergo a series of tests, and get in a golf game Saturday afternoon after the doctors are through with the examination.

Two Years From Record

Eisenhower was not hospitalized after his slight stroke, or blockage of a brain artery, last November. He visited Walter Reed for tests last March after which three specialists pronounced him completely recovered.

Eisenhower has repeatedly surprised medical men and laymen alike by his recovery from even such serious things as the heart attack he suffered at Denver three years ago last week.

When he emerges from the hospital this time he will be two years away from a record: If he's still in office Oct. 14, 1960, he'll be the oldest man ever to serve as president. That distinction now rests with Andrew Jackson.

No Chiang Jets In Area

"There were none of our jets in the area," the ministry said. It did so in denying a reported Communist claim of shooting down one Nationalist Sabre Jet. The Communists, via Peiping radio, also claimed two Nationalist transports were shot down—one on Quemoy, one on the mainland near Quemoy.

In fact, Republican National Chairman Meade Alcorn Friday told newsmen it is a very fitting more leadership into this year's campaign than in any other political effort.

Eisenhower already has scheduled one Western speaking tour and the White House has said other campaign activities are being worked out.

These may include one or more nationwide radio-television broadcasts between now and the Nov. election.

Eisenhower is scheduled to start campaigning in earnest next week.

On Oct. 12 he goes to New York City to take part in Columbus Day ceremonies. On Oct. 14 he will be guest at a birthday breakfast in honor of his 68th anniversary at a Washington hotel.

Then on Friday, Oct. 17, he and Mrs. Eisenhower leave on a trip that will take them to Cedar Rapids, Iowa; Abilene, Kan.; Denver, Los Angeles, San Francisco and Chicago.

Alcorn, after conferring with the President, told newsmen no limit has been placed on Eisenhower's campaigning. He said he told Eisenhower that Republican leaders around the country had reacted enthusiastically to his attack on GOP apathy and complacency, voiced at a news conference Wednesday.

Alcorn said there will be a discussion of key issues at a GOP strategy conference which Eisenhower has called for Monday.

Death Toll Set At 60

BELGRADE (AP)—The worst mining disaster ever recorded in Yugoslavia has claimed 60 lives, Belgrade radio announced Friday night.

He was recaptured shortly

standing shivering in the water and holding two plastic bags which the pair planned to use for escape "the Rock."

The disaster occurred at the Podval coal mine, near the Bulgarian border, Wednesday. Shifts were just changing when a transformer exploded. Ensuing fire trapped 188 miners.

The union said in a telegram to

Meany that the negotiating committee, which submission agreement for the 10 invited him to act as arbitrator pending issues.

The institute spokesman for the institute represents 21 of the 24 major that Meany's decisions as an steamship lines affected by the arbitrator would be binding on both sides.

The negotiating committee of

the International Union of Mas-

Mates, Pilots and Pilots (AFL-CIO) met later Friday and agreed unanimously on the selection of Meany as arbitrator.

The union and the institute still

had to agree, whether its third day.

AFC-CIO Boss Agrees To Arbitrate Ship Strike

NEW YORK (UPI)—AFC-CIO Meany would decide on all of the issues in dispute. A union spokesman agreed to arbitrate a three-day man said the strikers probably would return to work immediately tied up ships at Atlantic and Gulf once the dispute was in arbitration. His intervention could mean an early return to work by the strikers.

Meany's entry into the dispute was announced by the American AMMI committee to draft the Merchant Marine Institute, which submission agreement for the 10 invited him to act as arbitrator pending issues.

The institute spokesman for the institute represents 21 of the 24 major that Meany's decisions as an steamship lines affected by the arbitrator would be binding on both sides.

The negotiating committee of

the International Union of Mas-

Mates, Pilots and Pilots (AFL-CIO) met later Friday and agreed unanimously on the selection of Meany as arbitrator.

Five Reported Killed In New Beirut Rioting

BEIRUT, Lebanon (UPI)—Lebanese army troops fired on anti-government rioters and clashed

with others around blazing barricades in the streets of Beirut Friday.

Semi-official sources reported at

least five persons dead and as

many as 30 wounded in the series

of skirmishes that began Thursday

night between troops and crowds

opposing the new government of

President Fuad Chehab.

Oil-soaked barricades erected by

the Phalangist opposition in the

streets blazed furiously Friday

night along the main routes lead-

ing out of the capital.

Mobs, some of them led by

women and children, defied the

army's attempts to rip down the

barricades and put out the fires.

Troops sprayed the rebels with tear gas and chemically-treated

water to no avail. The army opened

fire on some rioters when they

attacked cars and beat the drivers.

In the south of the city, where

3,000 Phalangists resisted attempts

by the army to bring down the

barricades, two persons were

killed and three wounded.

The army, under orders to crush

any uprisings by supporters of

former President Camille Chamoun,

used tanks and automatic weapons

to break up a crowd of 1,000 per-

sons who marched on the defense

ministry Thursday night.

They were Eric and Derric Age.

Three other children escaped the

house unharmed.

The boys were sons of Mrs.

Aretha Age, who was at a neigh-

bor when the fire broke out. She

was gone only five minutes, she

said, when a 4-year-old daughter,

Brenda, came screaming for her:

"Mommie, the house is on fire."

Flames blocked the mother's at-

tempt to enter. They also drove

back firemen who arrived minutes

later.

This was a slight increase over

the 241,500 claims filed in the

comparable week a year ago.

BOAC To Inaugurate Jetliner Transatlantic Service Today

**British Airline,
Pan Am Receive
Idlewild Go-Ahead**

NEW YORK (UPI)—The British Overseas Airways Corporation announced Friday that it will inaugurate commercial jet service across the Atlantic Saturday.

Basil Smallpiece, BOAC's managing director, made the announcement shortly after airport authorities gave the airline and Pan American World Airways permission to use Idlewild International Airport on a sharply regulated basis.

Smallpiece told a news conference that one 137,000-pound Comet IV jet airliner would leave New York for London at 7:30 a.m. e.d.t. and another would leave London for New York at 4:30 a.m. e.d.t.

The line will provide one jet flight a week in each direction across the Atlantic, he said.

BOAC said the initial New York-London flight would carry newspapermen, BOAC personnel and four passengers who had reservations on other flights and were asked if they wanted to make the inaugural flight. The fare is the same for the jet and propeller flight, BOAC said.

The go-ahead for commercial jet operations at Idlewild included new snags in efforts to get the jet age going full blast.

Pan American objected to what a spokesman said appeared to be discriminatory regulations favoring BOAC.

Pan American is scheduled to start service with its fleet of 247,500-pound Boeing 707's Oct. 26.

The Port of New York Authority announced after exhaustive tests that both Pan American and BOAC would be allowed to operate their big new jet transports in and out of Idlewild International Airport under strict regulations.

"These operating conditions consist primarily of the use of a preferential runway system, a limit of 1,200 feet over communities and no take off between 10 p.m. and 7 a.m., except toward the southwest, where no communities are involved," a Pan American spokesman said.

The runway that must be used during the day, when weather allows, points toward open water, and away from settled areas.

If weather does not allow use of that runway, jets departing in the daytime may use other runways, providing they turn at a point that prevents them from flying over residential areas or reach an altitude of at least 1,200 feet soon after leaving the ground.

All jet departures between 10 p.m. and 7 a.m. must be over the water. Night flights during those hours will be cancelled if weather does not permit use of that runway.

Baltimore GM Talks Snagged

BALTIMORE (AP)—United Auto Workers officials reported after negotiating sessions Friday no settlement was in sight of local disputes which have idled 2,900 workers at two Baltimore General Motors plants.

Wages are the principal issue. UAW spokesmen contend workers at the Fisher Body and Chevrolet-Baltimore divisions are getting \$15 to 15 cents less an hour than those in GM plants as close as 50 miles away.

Talks broke off between management at Fisher Body and UAW Local 239 after less than an hour of bargaining. Joseph Baumerschub, bargaining committee chairman for the local, said the Fisher Body talks stopped when company officials could get no verification on how Detroit headquarters of GM stood on some issues.

Louis G. Jeffries, chairman of the bargaining committee for Local 678, at Chevrolet, said he was told the company "had not one cent to offer."

Jeffries said no future meetings were scheduled "and there appears no possibility of work being resumed next week."

He said that, besides wages, the issues involve grievance procedures, shift preference of senior men and other seniority questions and the equalization of overtime hours.

Efforts To Save Swallows Fail

BALTIMORE (AP)—Thieves who broke into a market Friday got a good workout and that's about all.

To enter the American Stores market they:

Climbed two stories up a pole, broke open a ventilator housing, wormed their way down the venti-

lator and male and female swallow were later shot, crawled along a sky- caught by an early snowfall at light, jumped 15 feet to the floor their summer home, a Swedish and landed in the middle of a village above the Arctic Circle. counter rack.

Then they knocked the combination of two safes.

They got \$3.

YOU'RE RIGHT, THAT'S ELVIS—Pvt. Elvis Presley of the U.S. Army found everything getting darker as he tried a helmet on for size after arrival at the Friedberg, Germany, base where he'll serve as a tank crewman with the 7th Army. The supply sergeant came to the rock 'n' roll star's rescue with a better-fitting hardtop chapeau. (AP Photox)

W.Va. Air Guard Takes Over New Home Today

MARTINSBURG, W. Va. (AP)—West Virginia's Air National Guard, crowded out of its Charles field when it began flying jets, formally takes over a new \$4,000,000 home Saturday.

Gov. Cecil Underwood heads a host of dignitaries officiating at the formal dedication ceremonies. Underwood and the state's first lady will fly here from the Forest Festival at Elkins.

Gill Robb Wilson, formerly of Parkersburg and a pioneer in civilian aviation, will be awarded the West Virginia Distinguished Service Medal for his contributions to aviation. He is now editor and publisher of Flying Magazine.

Wilson is credited with formulating the plan for the Civil Air Patrol, which was organized nationally in 1938. He was instrumental in establishing the CAP's first anti-submarine units.

Wilson's flying dates back to the cloth-covered crates of World War I. He flew with the French Escadrille in 1916, then switched over to the American forces when the United States entered the war.

His colorful career includes 10 years as a Presbyterian minister.

The new Air Guard facilities at the Martinsburg Municipal Airport are considered the most modern in the nation.

"21" Producers Fight Charges

Installment Plan Education Offered

PASADENA, Calif. (AP)—A top science school is offering education on the installment plan.

The California Institute of Technology said Friday that starting next year tuition will increase to \$1,275 from \$900.

To ease the financial strain on students and families, the school will arrange loans up to \$1,275 a year for four years, repayable at \$50 a month at 5 per cent interest.

Loans of \$900 a year will be made for four years, with the student paying interest only while in school. After graduation he'll repay at a minimum of \$50 monthly, plus interest.

"We have decided to divorce ourselves from the production and administrative chores . . . in order to devote more time to . . . the unbound charges against the integrity of our programs.

"We do so with the knowledge that our absolute integrity will be clearly and finally established at which time we will resume our production responsibilities."

Two former contestants have charged that they received in advance answers to questions put to them on "21." However, other contestants have defended the show's integrity. NBC said Barry will continue as master of ceremonies on "21." Meanwhile, NBC said it is assigning program executives to handle the production of the show.

N.Y. Eggs And Butter

NEW YORK (AP)—(USDA)

Wholesale egg prices were

steady to firm on large and barely steady on smalls. Receipts

14,700.

Nearby whites: Top quality (48-

50 lbs.) 45¢-47½¢; mediums 33-34;

small 24-24½¢.

Butter weak receipts \$20,000.

Darlene Whetzel Engaged To Ronald Lee Dorsey

The engagement of Miss Darlene Whetzel, daughter of Mrs. Lester Thompson, Cresaptown, to Ronald Lee Dorsey, son of Mr. and Mrs. R. L. Dorsey, Columbus, Georgia, is announced.

Miss Whetzel attended Allegany High School, and now is employed with the Southern States Inc., Baltimore.

Mr. Dorsey attended Catonsville High School. He is employed with the Phillips Construction Company in Baltimore.

The wedding will take place in October.

Benefit Dance To Be Nov. 29

A Thanksgiving dance for the benefit of the Associated Charities was announced by Mrs. Edward Mullan, Jr., at the meeting of the Junior Woman's Civic Club, Wednesday evening. It will be held November 29 at the Cumberland Country Club.

The meeting was conducted by Mrs. Arthur Crum, who announced the district meeting to be held in Frederick October 15. Mrs. Ray Joiner introduced the new members. They are Miss Angela Long, Miss Martha Phillips and Mrs. Ronald Chapman. Plans for having a toy sale at the next meeting were announced by Mrs. Edward Mason.

Concluding the meeting, Mrs. Miles Thompson spoke on the County United Fund drive.

A social hour followed with Mrs. John Mertens, Miss Bettie Wolfe, Mrs. John White, Mrs. Miles Thompson, Jr., Mrs. Edward Sokolowski, Mrs. Harry Smith and Mrs. James Preaske as hostesses. Fifty-five members attended.

Farm-City Observance Discussed By Group 5

Members of Planning Group 5 discussed the fourth annual Farm-City Week observance and November 11 was announced as the date for the annual meeting of the Allegany County Farm Bureau and the Associated Women.

James Morgan presided at the group meeting, held Thursday evening at the home of Mr. and Mrs. Philip Brode, Hoffman.

The annual meeting is to be held at the LaVale fire hall, at 7:30, at which time officers will be elected.

Discussing Farm-City Week observance, November 21-27, the group suggested having an old fashion square dance, and inviting the city people to attend. The purpose of the Farm-City Week is to bring about a better understanding between city and country people, Mrs. Arch Davis explained. She stressed that city people would have an opportunity to visit farms and learn the work and progress there, and the farmers would have an opportunity to see city life, as among events planned for the state observance are joint service club luncheons, dinners and meetings, tours of markets, and manufacturing plants as well as farms.

Plans for the dance will be presented at the directors meeting of the Farm Bureau, October 23. At that time also a nominating committee will be appointed and a speaker chosen for the annual meeting.

Others present were Mrs. Morgan, Mr. and Mrs. Charles Harvery, Arch Davis, Mr. and Mrs. Vernon Loar, Mr. and Mrs. Harry Delbrook, Mr. and Mrs. Ivan Wilson and Mr. and Mrs. Marshall Porter.

All women of Western Maryland are invited to attend the annual retreat, sponsored by Court Cardinal Gibbons, CDA, today and tomorrow in St. Patrick's Church, beginning at 1 p.m.

Bedford Road Firemen and Ladies Auxiliary will hold its weekly dance tonight at the fire hall, beginning at 9 p.m.

Reservations are to be made not later than Tuesday, with Mrs. Winfield J. Burton, PA 4-0444, or Mrs. Robert Moore, PA 2-1437.

Literature Group To Resume Meetings

The first luncheon meeting of the Literature Group of the Woman's Civic Club will be held October 9. It will be at the club house, beginning at 12:30. Mrs. Robert Bruce will preside.

Mrs. William Van Newkirk is to be guest reviewer.

Reservations are to be made not later than Tuesday, with Mrs. Winfield J. Burton, PA 4-0444, or Mrs. Robert Moore, PA 2-1437.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Corinthians	10	16-17
Monday	John	14	16-23
Tuesday	Psalms	133	1-3
Wednesday	Malachi	3	16
Thursday	Philippians	2	1-2
Friday	John	17	20-21
Saturday	Revelation	3	20

Wheels in Motion

When the gears of a machine mesh together in motion, things begin to happen. Wheels turn, and power is transmitted to every part of the mechanism.

Prayer is something like that. Individual prayer is a vital and sacred thing. Each of us has moments when we—and we alone—must turn to God.

And collective prayer—mass prayer—can be a tremendous force for good too. It is as if thousands of "spiritual gears" suddenly were meshed together into a unit directed by a single purpose.

On Worldwide Communion Sunday, remember the power of collective prayer. Join with your neighbors throughout the globe by attending church and praying both for peace and for each other.

Frostburg TV Tower Termmed Successful

FROSTBURG—Kenneth Close, president of the Frostburg Community Television, has announced that the translator erected by the group on Dans Mountain to pick up the VHF broadcast of station WTOP-TV, Washington, and rebroadcast it on UHF, beaming it directly into Frostburg, has been installed and checked by the Adler Company's engineer. According to Close the new signal is exceeding all expected results by giving persons in shadowed areas in Frostburg the first good television they have ever had.

Channel 9 of Washington, a CBS affiliate is picked up and rebroadcast on channel 78 UHF. An adaptor is needed for most sets and Close said that anyone desiring to receive this new broadcast may contact their dealer or serviceman for information.

Close also said that citizens of Frostburg would be asked within the next few weeks to cooperate in this effort by subscribing to the cost of this first translator and make an effort to purchase three others to give complete TV reception.

A meeting will be held Sunday for members and officers of the Frostburg Community Television Corporation at 2 p.m. at the City Hall. At this time reports will be given on the progress made in the first installation.

Area Pastor Transferred

PIEDMONT—Rev. L. E. Crowson, pastor of Trinity Methodist Church here for the past four years, has received word that he has been transferred to Logan, Huntington District of the West Virginia Methodist Conference.

Notice of the transfer came from Bishop Lloyd C. Wicker.

For Rent: 4 room apartment, bath—private entrance—adults only. Phone Frostburg 446.

Square Circle Club Holds 22nd Anniversary Dinner

ECKHART—The Eckhart Square Circle Sportsmen's Club celebrated its twenty-second anniversary Thursday at the clubhouse on Frog Hollow Road with a turkey dinner and program.

Dinner was served by members of the club's auxiliary. Traffic in the area and parking was supervised by the boy's group of the organization.

Following the meal, honored guests were introduced with each giving a few remarks. They included George Shields, chief game warden for the State of Maryland, who pointed out that the new address of his department in the future will be Box 231, State Office Building, Annapolis. He also announced that commissioners of the State Game and Inland Fish Commission will meet tomorrow at 7:30 p.m. at the Alexander Hotel, Hagerstown,

A number of local political candidates were also introduced. Minke then showed a movie, "The Cottontail Rabbit." A social hour followed.

CHARLESTON, W. Va. (UPI)—A painting contractor fell to his death Friday from a 125-foot water tower here.

Clyde K. Lamb, 63, of 13236 Pirritas Ave., Cleveland, Ohio, died instantly in the fall. David Tobias also of Cleveland, had been hired by Lamb to help him paint a tower at the True Temper Corp. plant.

Lamb apparently slipped on some tar he was spreading on top of the water tank.

A Day In Honor Of Your Newspaper Boy

ONCE each year the newspapers of the United States and the public which they serve push aside the burdens of daily existence to honor one of the major links between a newspaper and its readers—the newspaper boy.

It is his devotion to duty, his faithful service to his customers, and his unselfish rejection of at least a part of the carefree life of his youthful companions which make a better individual of him and are responsible, to a great extent, for the pleasant association existing between this newspaper and its readers.

Newspaper carriers are more than deliverymen. They are independent businessmen who are learning in their formative years the value of competition and faithful service. They are learning a rich lesson in business operations under a free society—a lesson which will influence their roles in adult years. Perhaps most important, they are learning the value of standing on their own feet.

No loafers are these boys. The financial rewards are not fabulous, yet these coupled with the satisfaction which comes from performing a task well are sufficient to cause these youths to give up several hours free time daily—pleasure time, which is always difficult for exuberant youth to forego.

Such self-discipline has molded the lives of many of the world's most distinguished leaders. It is a particularly important ingredient for modern youth to absorb, for the generation of tomorrow will need the finest character traits to cope with the problems currently being willed to them.

These are but a few of the reasons why this newspaper is happy to join with its subscribers in wishing our mutual friends a pleasant Newspaper Boys Day, today.

These Days

By George E. Sokolsky

Russia's Greatest Defeat

The victory of General Charles de Gaulle is undoubtedly the greatest defeat that Russia has known since the Russian Revolution of 1917. In the first place, all the world was given to believe that the Algerians were absolutely opposed to France, hated France, wanted to be free from France. The Algerian vote to remain part of France was 3,356,169 for to 118,615 against. This included Algerian Moslems. The Russian opposition to de Gaulle took hold only in Guinea where the Premier is a Marxist. Otherwise all French colonies voted in the referendum to remain part of France. De Gaulle's judgment was correct.

While there is an Algerian independence movement, it did not show in the votes.

For years and years, the excuse for all France's weaknesses was the terrific strength of the French Communist Party. In fact, it is the French Communist Party that exercised a control over the United States Communist Party. Jacques Duclos, the French leader, stating the ground rules for the American party.

The strength of the French Communist Party did not show up in the referendum. In fact, districts that have for years been regarded as Communist controlled did not vote against de Gaulle. In a word, the nationalistic spirit engendered by de Gaulle's movement has already produced a resistance to Soviet subversion in France.

The new constitution can kill the influence of the French Communist Party altogether. In the first place, under it, France can switch from proportional representation to majority rule. If that happens, France will enjoy the two party system similar to that which exists in the United States and Great Britain. It would mean that the splinter parties would disappear and that the Communists, to hold any position, would have to become the principal party in opposition. The referendum vote on the constitution would not indicate that the Communists hold any such positions in France today.

Furthermore, subversion will not be tolerated under the new constitution. Such a picture as Thorez presented some years ago when he became ill, will not be permitted again. With all the medical facilities available in France or in any nearby country, he was flown to Moscow to be treated and for recuperation, apparently because the Communists feared that he might talk under an anaesthetic. Then after a prolonged period of hospitalization and cure in Russia, Thorez came back to France. And the question arose in many minds as to whether Thorez is a citizen of France or of Soviet Russia. And that question must arise concerning Communists in all countries who accept the discipline of Russia.

Of course, it is true that even under the two party system, Communists do operate, principally by infiltrating the major parties and, in the guise of liberalism or even conservatism, doing the jobs the Kremlin needs to have done. But it is likely that de Gaulle, who has some considerable knowledge of Communist operations in France, particularly during the days of the Resistance, will know how to handle Communist sabotage of France. Also Andre Malraux, one of de Gaulle's ministers, was once in the Communist Party and has had experience with its machinations. He had been in China which in the 1925-27 period was the training ground for Communist leadership.

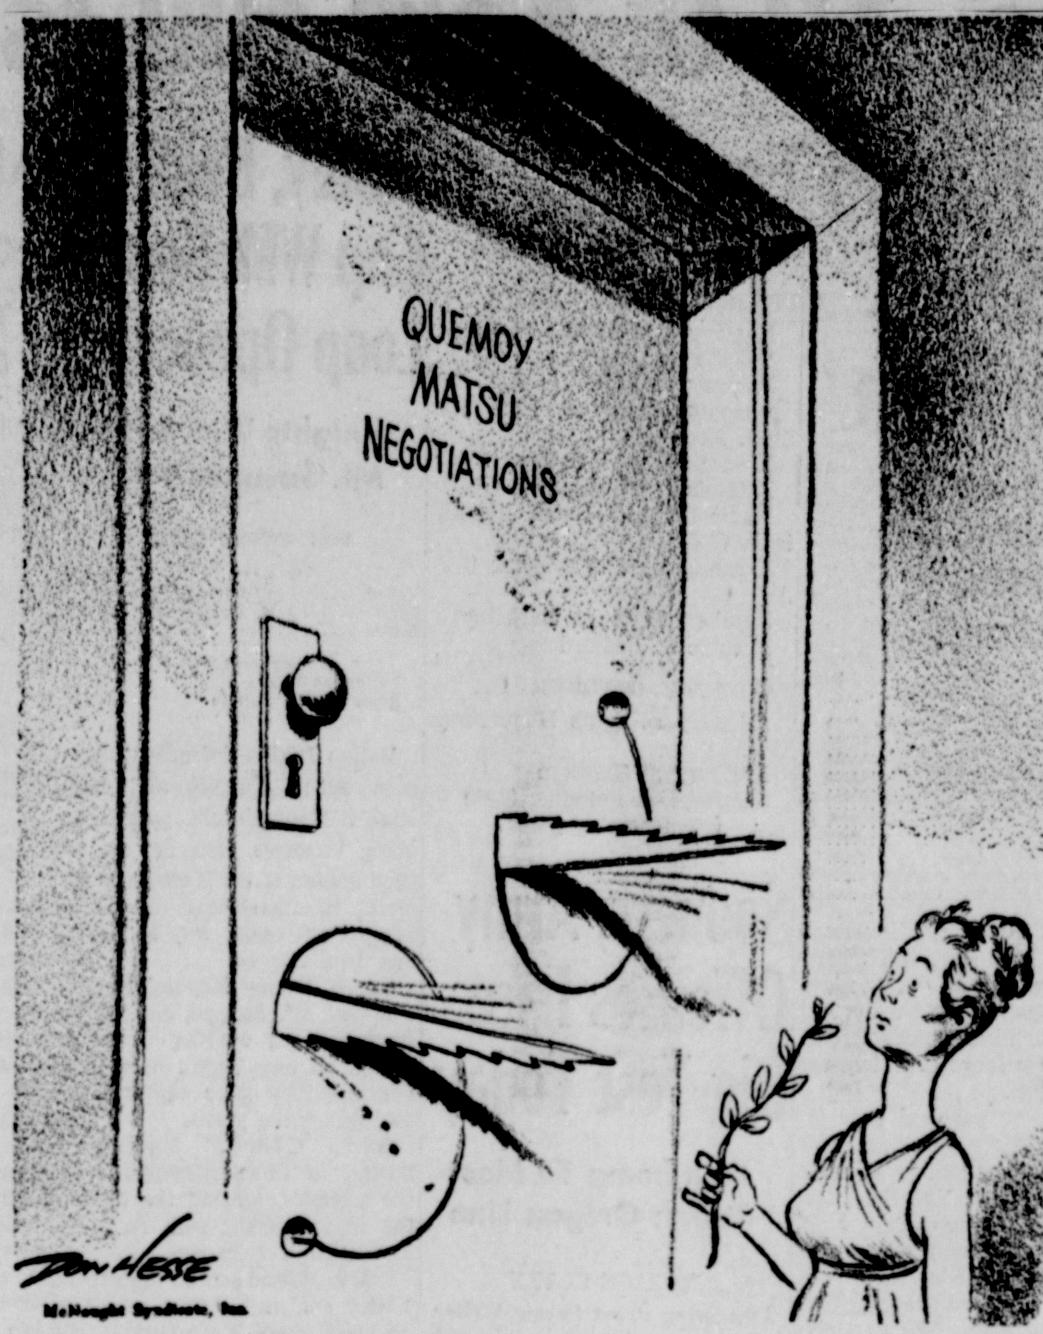

Therefore it is safe to assume that sooner or later, de Gaulle will find a method of eliminating Communist influence from French life. The great vote he received during the referendum justifies him in assuming that he has a mandate to do just that and being a man of action, he will.

How Moscow will react to this is still to be seen because the loss of prestige to Russia in de Gaulle's emergence to power by a popular referendum is enormous. For France has ever exercised an intellectual and spiritual leadership over Europe; it is, therefore, impossible for such a startling event as the emergence of de Gaulle and his acceptance by a referendum to have taken place without the whole of Europe being affected by it. This will have responses in every European country and will during the next year bring about unexpected changes in many European attitudes.

Politicians, in all countries, since 1945, have been rather fearful men. They have never understood the Communist phenomenon and have therefore been driven to absurd compromises by it. De Gaulle leads a new way—a hopeful way.

The Loophole Cutting Begins

By David Lawrence

WASHINGTON — Present-day controversies may enable private schools in America to come into their own.

Private enterprise has again and again proved that it can do a better job than governmentally-managed business. With the prospect that the federal government is likely more and more to take away control from the states and move in now on the public schools—which could mean more "mass education" and less specialization—alternative systems of private education will be given renewed impetus. There is already much criticism of public schools due to large classes and poor teaching.

Bona fide private schools, financed by private funds and operated in privately-owned buildings, are today a major success in American education. It is an open secret among educators that many of the graduates of state colleges and universities would have not been able to pass the entrance exams of the leading colleges and universities that are privately endowed.

Many parents, moreover, find a big defect in the public schools because they do not teach any religious principles or touch religion even in a nonsectarian way. This is regarded as an unfortunate omission in the education of the child. The Supreme Court of the United States, however, has declared it to be a violation of the Constitution to allow religious instruction in classes inside public schools. A circumvention of this was upheld in a later case by the court which said state laws are constitutional that provide for "released time." This means that students who wish to attend religious classes outside public schools during school hours may be released for that purpose, but other students who do not wish religious instruction must stay in the classrooms for other instruction. The question of whether this is discrimination as between stu-

dents or connivance by a public agency of the state with a private religious school has not been finally settled. Many lawyers predict that ultimately there will be a reversal by the court. If this happens, it will give added reason for enrollment in private schools.

Grover S. McLeod, a prominent attorney of Birmingham, Alabama, who from the start has had no illusions about schemes to use public school buildings for private education, wrote a few weeks ago for the "Alabama Lawyer," published by the Alabama Bar Association, an article saying that the South has been making a mistake in failing to organize private-school systems properly. He says:

"To a lawyer who has followed the segregation cases, it is apparent that the state cannot exercise any part in the operation of a private-school system. In other words, if we are to have a

Then, how would the teachers and administrators be paid? That problem is not significant, for the state may readily say that it collects so much money for the purpose of education and that each

child is entitled to a specific amount for education. In other words, if each child is entitled to \$200 per year for education, the parent or guardian would be mailed the sum which was set at the beginning of the school year.

The Catholic Church has a system that we can emulate. The church has for a number of years operated a system here in Alabama that offered an excellent education with no interference from the state.

"Most Protestant churches in Alabama have large physical plants. They have educational buildings that are little used except on Sundays... The Protestant churches should prepare themselves for the eventual education of the children. They have hospitals, and some of them are the best in the state—why can't they have day schools for the children?

By BILL FAIR

Bedford High's Bisons, held scoreless throughout the first half, unveiled its scoring machine with about five minutes remaining in the third period and went on to conquer the LaSalle High Explorers, 19-0, before a sparse crowd last night at the stadium.

The win was the second straight for coach Harold Wilkinson's eleven, which dropped its first two outings of the season. LaSalle's record, with the defeat, was initiated at 1-2.

Bedford Threatens

Bedford provided the only scoring threats during the opening half, once getting within LaSalle's 15-yard line and moving the ball deep into Explorer territory on several other occasions.

Early in the second period, runs by Jim Harris, Jim Zembower and an 11-yard dash by John Rudisill placed the pigskin at the Explorer 14 with the help of a 15-yard infraction called against LaSalle. But the North Centre Street Blue and Gold eleven threw up a tight defensive wall and LaSalle took over on downs at their own 16.

A husky left halfback bearing the name of Jack Geisler put both cylinders in action and about five minutes after the third stanza opened he and Bedford had the evening's first score. The hard-running Geisler picked up gains of 30, 6, and 3 yards and then culminated a 62-yard Bison stampede by racing around left end from four yards out and the TD.

Fox Scores Point

Gary Fox took a pitchout from Bedford quarterback Zembower and sped around the right terminal spot for the extra point—the only one made by Bedford.

The Bisons' other pair of six pointers were tallied within two minutes of each other just after the final heat got under way. Rudisill set the point manufacture in motion when he recovered a Joe Footham fumble on his own 49. A steady march, highlighted by an 18-yard aerial from Zembower to Rudisill, lodged the ball at the Explorer 3.

On third down Geisler squeezed between the tackle and guard slots and Bedford led 13-0.

Tom Howsare lifted the Bisons' ensuing kick-off to the LaSalle 35 where reserve back Jack Hudson was hit hard and fumbled. Hite alertly recovered for Bedford and the stage was set for the game's closing score.

Harris scooted around right end for five and on second down, Zembower kept the ball and rolled around right end. The shifty quarterback, who mixed his plays to perfection, cut to the middle of the field and headed for the corner of the endzone where he went in after churning up 31 yards.

LaSalle, taking to the air lanes, moved down to the Bedford 14 but couldn't generate the needed punch and lost the ball on downs. The game ended with LaSalle in possession at the Bedford 44 after Jim Delaney recovered a Bison fumble.

Touchdowns: BEDFORD—Geisler, 2; Zembower, EXTRAS POINT — Fox (run).

Substitutes: LASALLE — Neus, Harms, Hite, Hudson, Bissinger, BEDFORD — Hite, Harris, Groden, Hite, Stankin, Mafucci, McKinley. OFFICIALS: Gaffney, Geiger, Cavaugh and Diamond.

Angel Wins Fight

MANILA (UPI) — Philippine Angel Boy won a unanimous decision over Walt Ingram, United States bantamweight, in a dull 10-round fight at Rizal Coliseum Friday night.

The referee voted 5-3 for the winner, while the two judges had it 5-4.

Wins British Title

FORMBY, Eng. (UPI) — Mrs. Michael Bonallack, 21-year-old wife of a Walker Cup player, won the English women's golf championship Friday, Beating Miss Bridget Jackson 3 and 2 in the 36 hole final.

Frostburg Teachers Drop Opening Soccer Contest

Lock Haven Wins By 4 To 2 Margin

LOCK HAVEN, Pa. — Frostburg State Teachers opened their 1958 soccer season on a dismal note here yesterday when they bowed to the Lock Haven College eleven, 4-2.

The winners rallied for two halves in each of the last two quarters after Frostburg had jumped off to a 1-0 lead in the second period on John Horine's goal. Horine dribbled through the Lock Haven team and booted home the point from about six yards out to give Coach Kenneth J. Lupis seven saves for Frostburg and Moore made a pair of saves for the losers.

Frostburg had 13 shots to Lock Haven's 12 at the goal and also garnered five corner kicks to the winners' none, but were unable to dent the tough Pennsylvanians' defense. The lineups:

Frostburg	Lock Haven
G—Luptis	Morgan
RF—Swanson	Lloyd

Braves, Yankees To Clash In Third Series Game Today

Rush Picked To Hurl For Milwaukee

69,000 Expected To See Game; Don Larsen Yank Choice

By JACK HAND

NEW YORK (AP)—Bob Rush will try to make it three in a row for Milwaukee and Don Larsen, the perfect game pitcher of 1956, will attempt to halt the rout of the New York Yankees in Saturday's third World Series game.

The weatherman wasn't too cooperative. He said there was a slight chance of light rain in the morning. However, he forecast a high of about 65 degrees for the first Yankee Stadium game. About 69,000 will attend, if the 14,000 bleacher seats are sold Saturday morning.

According to the schedule, Friday was an off day for travel. You wouldn't know it if you were a player. The two clubs flew in from Milwaukee Thursday night and reported Friday for workouts at the stadium.

Morning Workout

Casey Stengel called his slightly groggy Yankee athletes to a morning workout, hoping to devise some means of containing the bruising Milwaukee attack. In the first two games, the Braves shredded the Yankee pitching staff for a .332 team batting average. The Yanks were able to manage only a puny .217 against Warren Spahn and Lew Burdette.

It has been done before but the situation facing the proud Yanks is desperate. Both Whitey Ford and Bob Turley, his two top winners, have been beaten and his relief staff has been battered beyond recognition.

Perhaps Larsen, despite a so-so, 9-6 record, can do it. If he can't the Yanks could be flattened in four straight. The 1922 New York Giants were the only club ever to whip the Yanks 4-0 but even then the Yanks managed to get one tie game.

Larsen was out of action for over a month with elbow trouble but turned up recently with two fine efforts. He has a 2-2 series record, beating Brooklyn with his perfect game in 1956 and grabbing a decision in relief of Bob Turley in last year's third game. Brooklyn beat Larsen in 1955 and knocked him out in '56, a game in which the defeat was charged to Tom Morgan.

Allowed Five Hits

Against the Braves in 1957, Larsen allowed five hits in a 7-1inning relief job in the third game. Facing Burdette in the seventh game, he was knocked out in the third inning.

Rush, three years older than Larsen at 32, will be making his first series appearance. The Chicago Cubs traded him to the Braves last winter in a surprising deal. He has managed a 10-6 record for Milwaukee, using more changeup pitches than sinking fastball as of old.

Fred Haney, the Braves manager, took Rush off the starting rotation in July after 10 straight knockouts but restored him a short time later. Four of his 10 victories were earned after Aug. 24 when the Braves needed a little help because of Joey Jay's injury. Rush's old trouble has been the home run ball. This year he gave up 13.

Spanh Goes Sunday

Warren Spahn, the 4-3 winner in 10 innings Wednesday, will be Haney's Sunday pitcher. If Sunday's game is rained out, Spahn very likely will replace Rush in the rotation.

Stengel wouldn't give out a hitting order. He had thought Haney would pitch the left-handed Pizarro. As a result he had to go into a long huddle with himself. The results may not be known until morning.

Elston Howard, the catcher-outfielder who injured his left knee when he ran into the left-field fence Thursday trying to get to Lew Burdette's home run drive, is available for action.

It was expected that Stengel would play Jerry Lumpe on third base instead of Andy Carey, hitting in the first two games. Either Howard or Norm Siebern will be in left.

Transit Line Employees Plan To Bid For Firm

The employees of the Cumberland Public Service Commission for Land Transit Lines, Inc., which will go on the block Tuesday, October 14, in a receivers' sale, have formed a corporation and intend making a bid for the carrier.

A spokesman said the employees have organized the Queen City Bus Lines Inc., and emphasized that they intend to do something about keeping a municipal bus system in Cumberland.

Chief Judge Morgan C. Harris ordered the receiver sale after going over the report of the first month the bus line was operated under the receivers.

The first was the Peoples Transit Company which purchased the Cumberland and Westernport Transit Company.

Then followed the employees of the Mt. Savage Bus Company who bought the equipment owned by the late Edward Rinald when he retired.

The last has been the Albright Bus Company which has been acquired by its employees.

Rail Fares Hiked

WASHINGTON (UPI)—The New York Central and Pennsylvania railroads filed formal notice with the Interstate Commerce Commission Thursday of their proposal to raise interstate passenger fares by 15 per cent in first-class cars and 5 per cent in coaches.

The spokesman for the new corporation pointed out that it will bid for the operating equipment and if accepted will apply to the

Bloodmobile Visit Set For Monday

Red Cross officials expressed hope that donors of the Cumberland area will match the August contribution when the mobile unit of the Johnstown (Pa.) Regional Blood Center is here Monday.

August, it was pointed out, was the last public visit of the bloodmobile to Cumberland and a total of 204 pints was processed. There were 156 pints of blood collected from employees at the Allegany Ballistics Laboratory last month, and 60 pints were donated by residents of the Tri-Towns area during a visit in Piedmont.

Spokesmen for the Allegany County Red Cross Chapter stressed the need for blood donors by pointing out that the free blood service for county residents in out-of-town hospitals had to be curtailed earlier this year because of a drop in donations.

The demand for blood is increasing, the spokesmen said, and it is in the interest of every resident to see that the quota of 150 pints is realized at Monday's visit.

All types of blood are needed, as was explained, in order that a supply of even the rare types can be kept on hand for emergencies. Regular donors are urged to keep their appointments, and persons who wish to be added to the list can arrange for a specific time by calling the Red Cross office, PA 4-2353 or PA 2-1760. The unit will be in operation at the Eagles Home, headquarters for local visits, from noon to 6 p.m.

Donations by "walk-ins" have helped the county meet its quota in previous visits, Red Cross officials said, and such donors may report at their convenience.

City officials are cooperating with the visit of the bloodmobile by again providing free parking at the metered space on both Frederick and Bedford streets, adjoining the Eagles Home.

The mobile unit will be in Frostburg on Tuesday, with the home of Farrady Post 24, American Legion, as headquarters. Arrangements for appointments between noon and 6 p.m. can be arranged by contacting Mrs. Perry Myers at Frostburg 1053. It was explained.

City Opens New Street In Mapleside

Where potential exists, the Street Department is lending its assistance to opening up new streets which will enhance building opportunities in the city.

Street Commissioner John J. Long said the program has a two-fold purpose: (1) To bring otherwise idle land into use and place it on the tax books as a real paying proposition; and (2) sell Cumberland to potential home builders who might otherwise seek lots outside the city limits.

The newest such street opened is one located from Oldtown Road to First Street just east of South Street.

What was previously an alley, overgrown with vegetation, has become a wide modern street, as yet unpaved, but graded and shaded. Already, three new homes are under construction there and it is anticipated there will be at least 17 on the new street which is 40 feet wide and approximately 750 feet long.

The new homes are expected to add more than \$250,000 to the city's tax books.

Long said the Street and Engineering Departments are undertaking the work on a "tie-in" basis with other projects. The department feels it is "good business" since it realizes most of the choice lots in Cumberland have been taken and there is a demand.

"If we can open up other building areas," Long said, "then people will buy and stay in Cumberland rather than seek homes in the suburbs."

Long said under his present plans, he would like to do something for each area of town. He cited the upper portion of Cleveland Avenue on West Side as an example. Although started previously to his becoming commissioner, this section of Cleveland Avenue has been converted into a residential street where before only a "dead end" alley existed. The street swings off Gephart Drive, has been graded through, widened and oil-stone surfaced, to swing around and rejoin Gephart at Thompson Avenue. Already one home is under construction on the newly-opened area.

Long said he also has under study an area in North End which would be opened to provide additional home building space.

Coal Production Up

WASHINGTON (UPI)—Soft coal production for the week ended Sept. 27 rose to 8,890,000 tons from 8,425,000 tons (revised) a week earlier and compared with 10,248,000 tons in the same week last year, the National Coal Assn. reported Thursday.

Production for the year-to-date amounted to 285,542,000 tons, against 367,455,000 over the same 1957 period.

Here's the stance that will help you wear fashions with debonaire dignity.

Secrets Of Charm

by John Robert Powers

You Too Can Be A Model

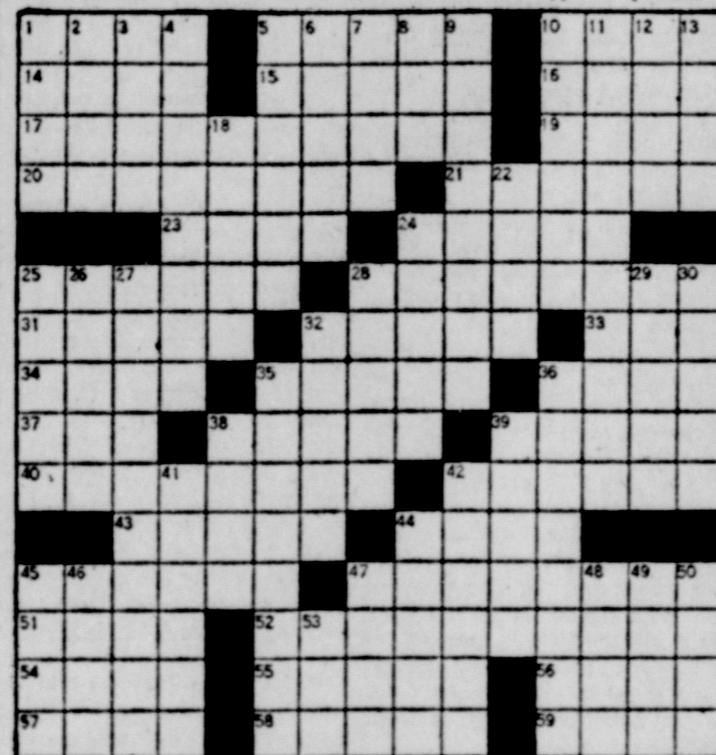

The practice of giving fashion shows in small communities is growing rapidly throughout this country. It is a practice which I heartily endorse. It brings interesting styles within the reach of many who for reasons of responsibilities or distance would otherwise be unable to see what is new.

Usually local women are asked to model in the show. And that's one of the best ways to get any woman to check up her pose, posture, walk and stance!

Just in case you may be the next one invited, let me give you the secrets of beautiful stance. Even though you may not be faced with such a test of your graceful ways, your everyday attractiveness will be tremendously enhanced if you practice the following:

1. Stand with your feet together, arms at your sides. Fit the right instep around the left heel so that the right toe points outward at a forty-five degree angle. Distribute your weight evenly on the balls of your feet.
2. Flex (bend) your knees slightly, keeping them together.
3. Pull your abdomen in and tilt your pelvis by drawing your buttocks under you body.
4. Pull

Demo Candidates At Rally

An enthusiastic group of residents of the eastern end of Allegany County participated in the Democratic Party's rally at Flintstone Fire Hall Thursday, Simon

F. Reilly, county campaign manager, announced yesterday.

The event was complete with music by Bill Boyer's Hillbilly Band, refreshments and talks by the county candidates.

Thomas B. Finan, chairman of the Allegany County Democratic Central Committee, introduced the party's candidates.

They were Howard P. Loughrie for sheriff; George A. Boch, Thomas F. Conlon Jr., Graydon S. Dunlap, Edward P. Flanagan and William Walsh for House of Delegates, and William J. Brode, John Tucker Mason and John J. Rowan, county commissioners.

The committee on arrangements consists of Fire Chief James Loar, Assistant Chief Ralph Delligatti, and Captains Henry Wintermyer, Donald Cheneveth and Edward Young.

The program is as follows: Sunday from 1 to 5 p.m., open house at the fire hall for all with free rides on the bumper for children and adults who desire it.

Monday, a fire prevention parade; Tuesday, fire drill at LaVale School; Wednesday, drill for Parkside School; Thursday, drill by firemen; Friday, fire prevention movies at fire hall for the public, open house.

Chief Loar reminded residents the fire department should be notified of all fires, regardless of size.

A fire prevention film is being shown at one of the LaVale drive-in movies.

Loar also said there will be a meeting of all LaVale firemen interested in taking the basic firemen's course today at 8 p.m. in the Fire Hall.

"MEANWHILE, BACK WHERE THE HURRICANE STILL RAGES, MISS EGGEHEAD SITS ABANDONED IN CHICORY'S FLOODED BASEMENT."

Negro Pastors Endorse Tawes For Governor

Beall Asks Mayor To Declare Stand

By THE ASSOCIATED PRESS

A group of ministers claiming representation of 125,000 church-going Baltimore Negroes announced Friday its support of Democrat J. Millard Tawes for governor of Maryland.

The organization, the Interdenominational Ministerial Alliance, last week endorsed Republican Jim Glenn Beall for re-election to the U.S. Senate.

"Mr. Tawes is more sensitive to the needs of the total community than his opponent [James P.S. Devereux]," said the Rev. Marion C. Bascom, president of the group. He said the endorsement came after a meeting of more than 60 ministers.

The Rev. Mr. Bascom pointed to the Tawes endorsement as proof that the group is not the pawn of any political party, as was charged last week by Democratic senatorial candidate Thomas D'Alesandro, mayor of Baltimore. The mayor made the charge after the ministers announced their support of Beall.

Asks Investigation

Democratic statewide candidates were campaigning in neighboring Baltimore County when the Baltimore endorsement for Tawes was announced.

Devereux, Beall and their running mates took their campaign caravan to Carroll County.

Earlier, Devereux called on Tawes to join him in asking for an independent investigation of D'Alesandro's charge that Maryland Republicans had employed Donald A. Surine. The mayor had said he was informed by a "thoroughly reliable source" that Surine, controversial figure in the 1950 senatorial campaign, had met with GOP leaders, including Devereux, in East Baltimore.

Surine worked on behalf of Republican John Marshall Butler in the 1950 campaign which resulted in Butler's defeat of Sen. Millard E. Tydings but which was described as "despicable" by a Senate investigating committee. The committee criticized tactics used by Butler supporters as being of the "back-street type". Those tactics included the use of a fake photograph purporting to show Tydings jovially conversing with former Communist Chief Earl Browder.

Surine, following up earlier denials by Devereux and Beall, called D'Alesandro's statement fantastic and said he could prove he did not attend any meeting with Devereux or other Republican officials in the current campaign.

Asks Mayor's Stand

In other developments Friday:

1. Beall, for the third time since Sept. 13, called upon D'Alesandro to declare his stand on "the farm question and other basic issues."

2. James Lacy Jr., prominent young Baltimore Democrat, attacked the Republican Party as one of "special interests and the privileged few." In a speech for a party rally at Fruitland, Lacy called Devereux "a McKinley Republican" and Beall "another plain plodding, Republican special interest errand boy."

3. Devereux, in a speech for a Carroll County meeting of Republican workers, said Tawes "apparently has spent more time on the State payroll learning the evasions of the machine politician (and) the half truths and big lie technique..." He said, Tawes with 17 years experience as State comptroller, has dodged the tax issue.

County GOC Participates In Exercise

Allegany County's five observation posts of the Ground Observer Corps recently participated in a training exercise.

The purpose of the exercise was to increase the operational efficiency of the GOC and to provide training for volunteers and observers in detecting, reporting, processing and filtering air surveillance information.

Coordination of Civil Defense and the GOC in Allegany County is in charge of Charles G. Smith, city. Although the weather was extremely bad with poor visibility, 41 aircraft were detected.

M. Sgt. J. P. Hodge, section sergeant of the area within the 30th Air Division (Defense) said 24 were identified as friendly and 17 aircraft were reported to the Canton Air Defense Filter Center as "threat type" and unknown.

Location and supervisors of the five posts are Bedford Road, Mrs. Eula Mortzfieldt, Frostburg, Vincent Bellino; Allegany Ballistic Laboratory, Charles W. Pendergast; Cresaptown, Emery McKenzie, and Constitution Park, Harold E. Crawford.

Other volunteers include Mrs. Adeline Denkenberger, Mrs. Edna Houshland, Mrs. Nola Dawson, Mrs. Gladys Breedlove, Mrs. Jean Baird, Walter Hayes, Mrs. Ina Keister.

Mrs. Beulah Keister, Mrs. Cecelia Lauterbach, Mrs. Naomi Nicholas, Mrs. Esther Martz, John L. Dunkle, Harry Hartman Jr., and Mrs. Virginia Shrewbridge.

Court House Cornerstone Laid Here 65 Years Ago

By CHARLES H. KELLY
News Staff Writer

Sixty-five years ago tomorrow the cornerstone of the Allegany County Court House was laid during appropriate ceremonies at Prospect Square.

Nine months prior to that, January 5, 1893, the old Court House was destroyed by fire. The January term of court which was in session at the time, completed the various cases at the council chamber at City Hall.

The new structure which stands today as a remarkable work of masonry, cost about \$97,000 to construct.

Actually four court houses have been built in the county. Construction of the first court house was authorized in 1793 by an act of the General Assembly of Maryland. Before completion of the building, court was held in local private homes as well as the tavern of Abraham Faw, which stood on the south side of Greene Street.

In about 1799 the first court house was completed at a cost of \$60 pounds, ten shillings, equivalent to \$3,062.50. The taxable basis of the county during the time of its construction did not exceed \$500,000.

The court house was placed on the building lines of Washington Street and Johnson Street. On March 13, 1833, some 125 years ago, the Legislature provided for building a new court house when it was felt the time had come for enlarged public buildings and greater conveniences.

The new building was occupied about eight years later. In 1872 it was felt the business and records of the court had outgrown the dimensions of the building.

Acts of the Legislature of 1872 and 1874 provided that the court house be enlarged by the addition of 20 feet in depth on its south side.

The court room was removed to the second floor, office rooms of clerk and register were made more commodious and a room for the County Commissioners provided.

The equipment which has been ordered includes a complete set of gym mats, parallel bars, a side horse, a buck or small side horse, gymnasium spring board and a set of flying ropes.

The equipment is being purchased with monies made available with the dissolution of the Community Chest. Mr. Fortner said the equipment will be available to members of the Y. He said the additional equipment has been needed for a number of years.

Hyde, Foley To Be Here Next Week

Both Rep. DeWitt S. Hyde, Republican candidate for re-election in the Sixth Congressional District of Maryland, and his Democratic opponent, John R. Foley, have scheduled campaign tours in Allegany County next week.

Rep. Hyde will arrive here Tuesday at noon and will be joined by GOP officials for a campaign tour of the Flintstone and Oldtown area.

He will be the principal speaker that night at a Republican rally to be held in the county. The time and place of the rally will be set this weekend.

On Wednesday morning, members of the Republican Central Committee plan to accompany Rep. Hyde to the Amcelle plant so he can greet Celanese workers at the gates.

The GOP candidate plans to spend the rest of the morning on a shoe-leather tour of South Cumberland.

The above plans, made here last night, are subject to the approval of the candidate.

Mr. Foley plans to arrive here next Friday and spend the morning and afternoon on a shoe-leather tour of Allegany County. He is scheduled to return to Montgomery County that night to attend a Women's Club meeting in Garrett Park.

Crafts Will Meet

The Cumberland Building Trades Council will meet Tuesday at 8 p.m. in the Allegany Labor Temple.

County GOC Participates In Exercise

Allegany County's five observation posts of the Ground Observer Corps recently participated in a training exercise.

The purpose of the exercise was to increase the operational efficiency of the GOC and to provide training for volunteers and observers in detecting, reporting, processing and filtering air surveillance information.

Coordination of Civil Defense and the GOC in Allegany County is in charge of Charles G. Smith, city. Although the weather was extremely bad with poor visibility, 41 aircraft were detected.

M. Sgt. J. P. Hodge, section sergeant of the area within the 30th Air Division (Defense) said 24 were identified as friendly and 17 aircraft were reported to the Canton Air Defense Filter Center as "threat type" and unknown.

Location and supervisors of the five posts are Bedford Road, Mrs. Eula Mortzfieldt, Frostburg, Vincent Bellino; Allegany Ballistic Laboratory, Charles W. Pendergast; Cresaptown, Emery McKenzie, and Constitution Park, Harold E. Crawford.

Other volunteers include Mrs. Adeline Denkenberger, Mrs. Edna Houshland, Mrs. Nola Dawson, Mrs. Gladys Breedlove, Mrs. Jean Baird, Walter Hayes, Mrs. Ina Keister.

Mrs. Beulah Keister, Mrs. Cecelia Lauterbach, Mrs. Naomi Nicholas, Mrs. Esther Martz, John L. Dunkle, Harry Hartman Jr., and Mrs. Virginia Shrewbridge.

Health Workers Are Feted

Mrs. Lois Jackson, left, chairman of the Social Group of the Allegany County Health Department, congratulates Mrs. Isabella Laughlin, public health nurse; W. R. E. King, sanitarian, and Mrs. Mary Whitfield, public health nurse, who are retiring this
